Dear Satyajit,
Please go ahead with the available tile Kajaria Sion light (as you already have the material).
Hence the combination will be now:

1. Kajaria Sion light (already material available)
2. **Classico BG HL01 (Rustic Matt) Somany**
3. **Classico Beige 300x300 (Matt) (Floor tile) Somany**

Dear Preetam,
Please note that we will need tiles mentioned in point 2 & 3.

Regards
Gauri

Dear Pritam,
Please find below the following tiles selected from Somany tiles as we do not deal with Kajaria (Original selection by Acme)
Kindly note that due to the above reason we have replaced all the 3 tiles of the combination by Acme (Floor+Dado+Dado highlighter)
The tile sizes of the new selection have been maintained as per Acme.
Original selection by Acme:
Flooring :- Kajaria- Alma Ocre- 300X300 mm.
Dado (Highlighter)- Kajaria - Carolina HL- 300X 600 mm.

New Selection from Somany tiles: (Pic attached for reference)

1. **Classico Beige 300x 600 (Dado)**
2. **Classico BG HL01 (Rustic Matt)**
3. **Classico Beige 300x300 (Matt) (Floor tile) same as 2 but 300x300**

Regards
Gauri.
