DESIGN goals

1. Easy maintenance

Low maintenance plantation and durable and easy to clean finishing materials.

2. Integrated Design

Design language that matches the existing executed areas and the entire space looks as one design.

3. Innovative ideas

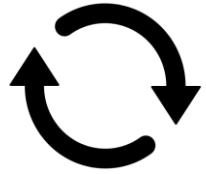

New design solutions that solve the site restrictions as well as are aesthetic at the same time.

4. Functional spaces

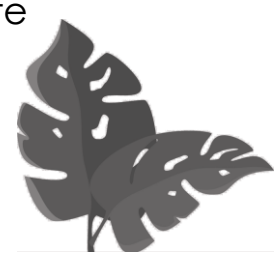

Planning the spaces to provide multifunctional spaces that can be used throughout the day.

5. Restoration

Providing suggestions and solutions to the existing problems on site.

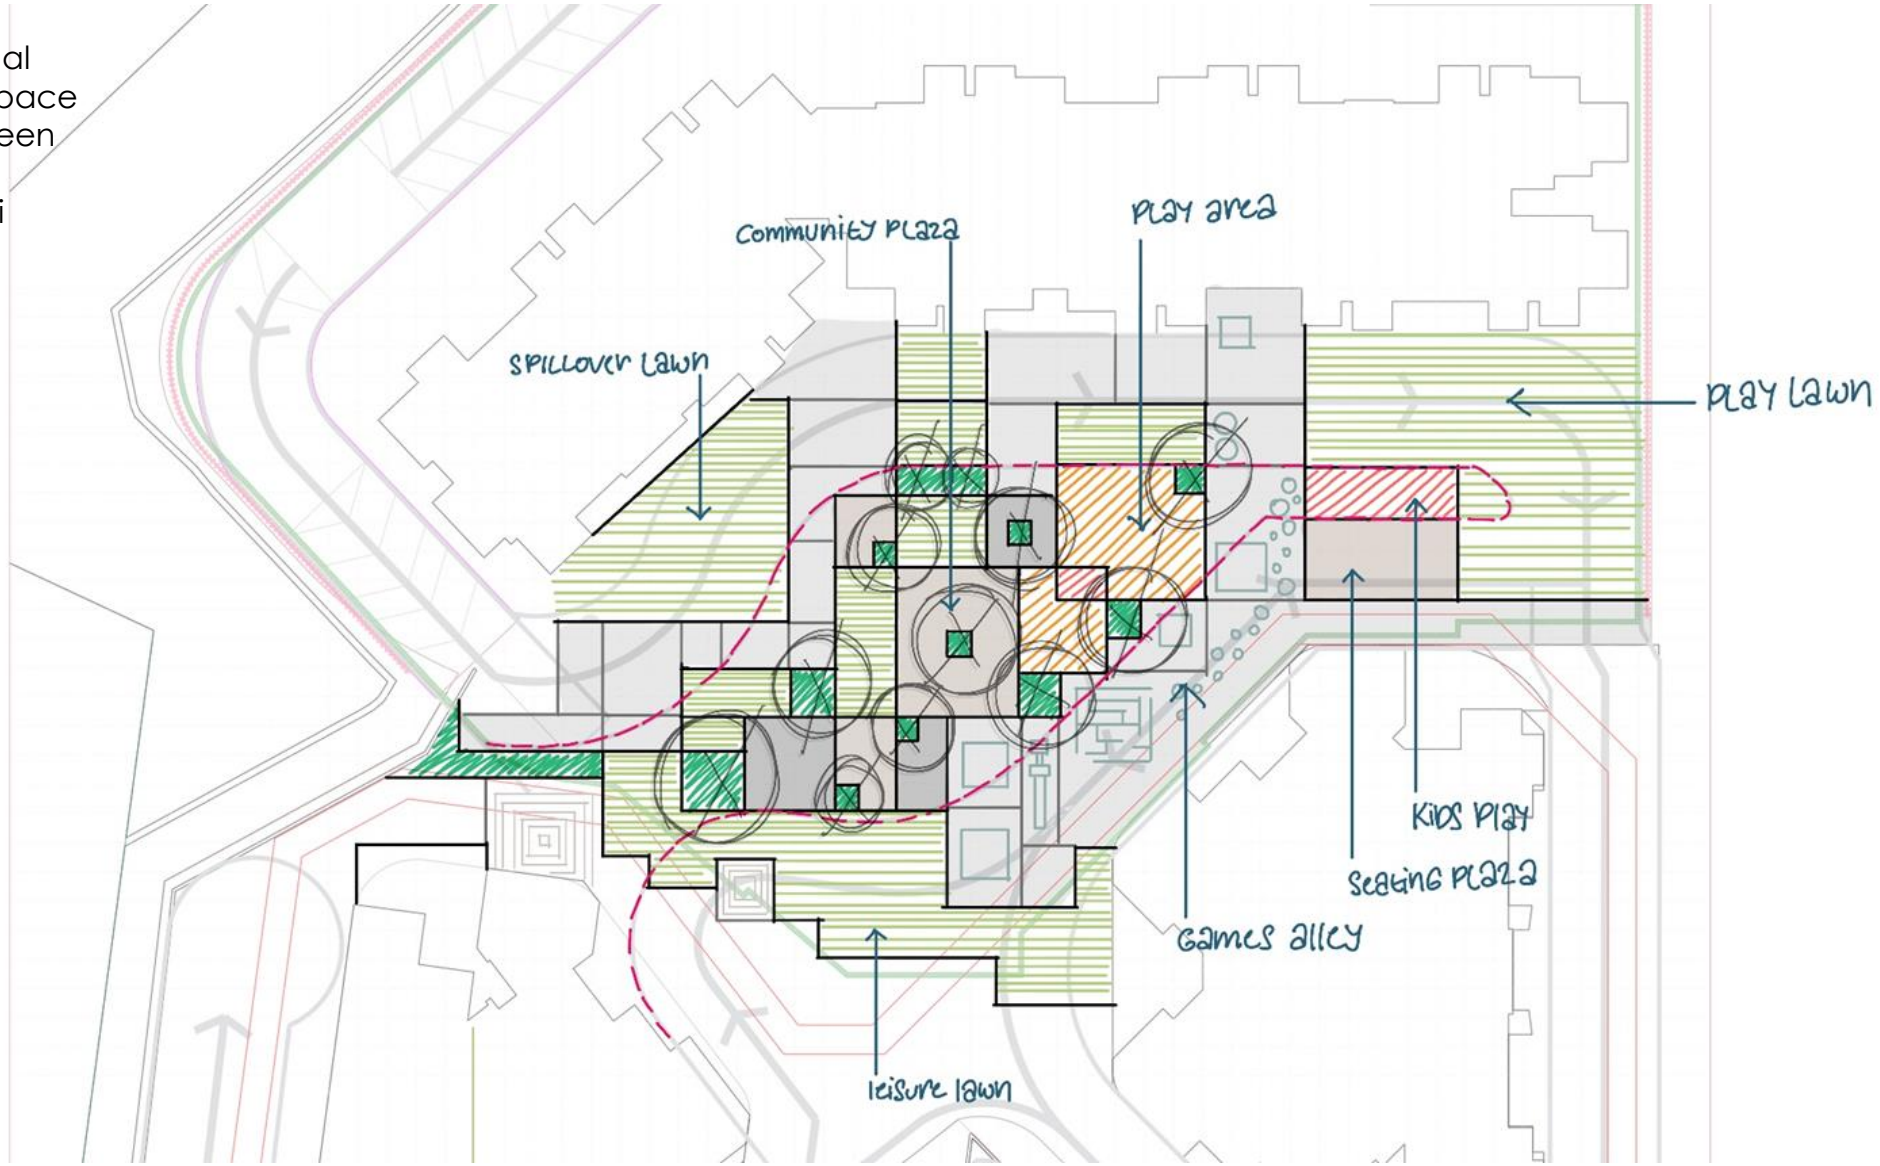

6. Tropical planting palette

Carrying forward the lush green plantation same as existing design into the new design
