WHO WE ARE

With a humble beginning in 1969, Somany Ceramics Limited has been a front-runner serving millions of customers worldwide. Riding high on Shri H. L. Somany's dream the company not only achieved unparalleled success, but also established its presence as an unchallenged leader in the Indian tiles sector.

Catering to the needs of its esteemed customers, Somany has always tried to relentlessly set benchmarks and create trends in home interior design. The history of a company which has captured the memories of millions of its customers as a strong witness to every moment of their joy and emotions bears testimony to the durability of its products.

Somany Ceramics with the plants in Kadi (Gujarat) and Kassar (Haryana), is the producer of the highest quality of ceramic glazed tiles, vitrified tiles, sanitary ware or porcelain floor tiles. Somany started off with a clear distinctive position, that of being strong, durable and effectively close to the heart.

To sustain a dream of such a magnitude, it is always important to stay ahead of the time. This truth, realized by Shri H.L. Somany was executed through the superior and innovative style and quality of Somany products.

With Shri H. L. Somany at the helm as Founder, Shri Shreekant Somany as the CMD and Shri Abhishek Somany as the JMD, the company is heading towards an unprecedented expansion and growth.

Re-defining perfection

Somany Tiles - the company with a staggering presence in tiles industry has always dared to be different and in the process has given an all new meaning to perfection, class & innovation. For the company redefining perfection with every new collection, Somany Vitro - the new vitrified tile collection does re-instate this value more fervently and beautifully. This collection captures the beauty of tile with great detailing, making each design a class apart and unique in its own sense. The superior Nano Technology produces superb results and bestows amazing features to the final product like anti stain, high gloss and outstanding durability so that your spaces will stay beautiful for the longest time. An eco-friendly collection from an environmentally conscious company, Somany Vitro is what your spaces need to bring out liveliness and vibrancy.

Creating the Nano edge

Somany Tiles has pioneered the use of cutting edge Nano-technology in the tiles industry. The usage of this innovative technology has allowed us to offer tiles which have both high gloss lustre which is close to mirror effect and hardness almost equivalent to granite. Environment friendly nano polished tiles provide antibacterial properties which results in lesser need of cleaning solvents to maintain the shine for years to come.
