Making them stand strong as a paragon of unbridled opulence and care. While you may want to call it a surface we call it a wonder in its own right. It is a surface that offers limitless possibilities. The breakthrough technology enables to recreate exotic marbles, stones, woods and even concrete textures in sizes never imagined before. Bestowed with path breaking technical characteristics, it surpasses its natural counterpart in many ways. As all the inherent flaws in natural marble are fully addressed.

THE CARE® | ADVANTAGE

Majority of Porselano tiles presented here have the Johnson Signature Germ Free property. The instead presence of the anti-microbial compound used in Porselano punctures the cell membrane and kill the microbes. This property remains active across a wide spectrum of microbes for the entire life of these tiles.

Tested for bacteria such as - Escherichia Coli (E-Coli), Staphylococcus Aureus (MRSA), Pseudomonas Aeruginosa, Bacillus Subtilis (Grass Bacillus) and Aspergillus Niger (A. Niger-fungus). The anti-microbial effectiveness of Porselano meets and exceeds international standard protocol - JIS Z2801; minimum log reduction of 2 log bacteria i.e. 99%.
